Our Bulbs are Government Inspected

All our bulbs are field grown, strong divisions in first class growing condition and guaranteed true to name.

We take special care in keeping our bulbs separated. If for any reason bulbs should not be as named we will be glad to adjust same to the satisfaction of all concerned.

Terms for Ordering

Our terms are cash, or C. O. D., unless your credit has been established with us.

We advise ordering early so as not to cause disappointment, as we might be sold out of a variety you may order.

A 20% deposit will hold your order to be shipped at your convenience.

If you want order shipped by Parcel Post, please remit necessary amount. Any excess postage will be refunded to you.

Shipping Instructions

We ship by Express and Parcel Post because freight is slow and travels at purchaser's risk. The difference in cost in the two doesn't justify one taking the risk.

Don't hesitate ordering in freezing weather as we carefully pack against freezing, and express companies take the utmost care in handling perishable goods.

In conclusion we wish to thank our many customers for their past business and hope to serve you in the future; assuring you always of a prompt, courteous service and ready to correct any errors.

If we please you tell others, if not, tell us.
